

UNITECH MILK ROAD TRANSPORTATION TANKS

INSULATED | HYGIENIC | DURABLE | TRANSPORT READY

DESIGNED FOR SAFE AND HYGIENIC TRANSPORTATION OF MILK UNDER DEMANDING OPERATING CONDITIONS. THE INSULATED STAINLESS STEEL CONSTRUCTION HELPS MAINTAIN MILK QUALITY DURING TRANSPORT WHILE ENSURING RELIABLE PERFORMANCE, DURABILITY, AND EASY CLEANING.

TECHNICAL SPECIFICATIONS

PARAMETER	SPECIFICATION
Construction Material	AISI Stainless Steel 304
Insulation	High Density PUF (CFC Free)
Outer Cladding	AISI Stainless Steel 304
Tank Design	Cylindrical Horizontal Type
Compartments	Single / Multi Compartment
Manhole	SS304 Sanitary Manhole
Outlet Valve	SS304 Butterfly Valve
Ladder and Walkway	Stainless Steel
Chassis Mounting	Suitable for Truck Mounting
Application	Hygienic Milk Transportation

MODEL	CAPACITY
MRT-2000	2000 Litres
MRT-3000	3000 Litres
MRT-5000	5000 Litres
MRT-7500	7500 Litres
MRT-10,000	10,000 Litres

TRUSTED BY LEADING DAIRY PROCESSORS IN PAKISTAN AND INTERNATIONAL MARKETS
